Dear Mr. Ongkingco,

Greetings of Peace!

We, the undersigned, would like to invite you to be our *Practitioner* for our project entitled, ***“Broadening the Knowledge of Political Ideologies of LSGH Senior High School Students by Implementing a Self-made Card Game”*** as part of our requirements for our Senior High School Capstone Project at La Salle Green Hills. Our Capstone Project is about **broadening the knowledge of Senior High students in LSGH by using a card-game our group created titled “IdeaDuels”**. We aim to help shape their political identity by making them familiar with the basic political ideologies through our card game. With your expertise on game design, specifically on card games you could help us in shaping the design of the game, specifically the mechanics, rules, and how to win the game.

We look forward to this opportunity to engage with you and your work. Please let us know at your earliest convenience whether you will be able to participate.

Thank you and we look forward to meeting and discussing our topic with you.

Respectfully yours,

Sabina Rizelle C. Guerrero
